FLORENCE, - - MAY 17, 1890 A GENERAL ROUND-UP OF STOCK

Relief for the Settler. (Tucson Citizen.) The Citizen takes a special pleasure

making public the following letter addressed by the Hon. Assistant Commissioner Stone, to the Register and Receiver of the Land Office here. The losses caused by Democratic peculation are to be made good to the settlers, who unfortunately confided the arrangements for all the Monthly and their money to the keeping of the late Receiver. Impelled by a strong State Lottery Company, and is person sense of justice to a suffering people, manage and control the Drawing them: the Honorable Commissioner orders a protection of their interests by the acceptance and passage of the final proofs upon which the money had been paid, as before noted. The letter contains the true ring of Republican instice, and marks in contrast the policy of the Democrat and Republican national administrations. The former, through its appointees, robbing the people, the latter through its

high sense of justice, making their losses good. We commend the noble sentiments expressed in the Hon. Commissioner's letter, to the earnest consideration of our readers.
